To:

Hi there Shawn

Thank you for contacting Grand Monaco Support.

Purchasing and withdrawing at our casino has become a bit more challenging since the passing of the Port Bill. Unfortunately we can only offer the payment options that you see on our banking section.

Kindly note the only reliable options for our US market at present is Quick Tender (see www.quicktender.com) and Prepaid VISA cards (e.g. NETspend or AllaccessGift cards). The reason your bank card does not work may be due to the card issuer or the processor used. Certain bank cards do however accept from time-to-time.

We trust that we have been of assistance and wish you a fantastic day further.

Should you require any further assistance, please do not hesitate to contact us on one of the relevant numbers listed below. We are available 24/7,365 days a year for your convenience.

Warm regards

Lester Casino Support Grand Monaco Casino Big Wins, More Action!
